

Comet Alumni Spotlight

Eryn Scherer Class of 1993

Educational Background: St Thomas 1st-5th, Roosevelt Magnet School 6th-8th, Richwoods High School, Eastern Illinois University

Recent Achievements: Number one achievement would be surviving another summer of chaos and hectic family schedules while navigating the ups and downs of working in our family's dealerships.

Family: My husband Jim and I met in 2009; however, I'm sure we crossed hallway paths when I was in 1st and he was in 8th at St. Thomas. We've been married for 11 years and have 3 children. Frankie is in 4th grade. She sings in the choir and plays soccer and softball. Imogen is in 5th grade and is on the golf, soccer, and basketball teams, and plans to play volleyball. Evan is a Junior at Dunlap High School and loves working at Scherer Mazda after school. He went to St Thomas for his 4th grade year. Evan, Imogen and I all had Miss Hozie!

Favorite experience as a St. Thomas Comet: My favorite memories are Field Days, playing Four-square on the old blacktop before the new gym was built, getting to create the illustration cover for the programs we would use at All-School Mass. I was so excited in 2nd grade for First Communion and the gold Communion books we received.

St. Thomas teacher who made an impact on you: I loved my 2nd grade teacher, Miss Brandow. She looked super-imposing with her beehive-ish haircut but it was always so cozy in her room. I remember a performance the 2nd graders did on the Prodigal Son and I played 'Priscilla the Clown', (pretty sure she wasn't mentioned in the Bible).

Piece of advice for current Comets: Be kind to each other. The coolest kids are kind.
