

# Comet Alumni Spotlight

## Taylor Daly Class of 2010

**Educational Background:** After attending St. Thomas and graduating in 2010, I completed high school at Peoria Notre Dame. I then went on to American University in Washington, D.C., and graduated with a Bachelor's Degree in International Relations.

**Recent Achievements:** I've been in D.C. for almost 10 years now and currently work at a lobbying firm on privacy, cybersecurity, and artificial intelligence policy, engaging Members of Congress and their staff, as well as the Biden Administration. I am also attending law school at night and have enjoyed being back in a school setting!

**Family:** My family resides in the Peoria area, so I still have an excuse to visit throughout the year!

**Favorite experience as a St. Thomas Comet:** My sister and I regularly attended aftercare, and I think the stories and memories made there with friends are my favorite experiences.

**St. Thomas teacher who made an impact on you:** My favorite teacher at St. Thomas was my second grade teacher, Mrs. Bruce. I loved how engaging and fun she made learning.

**Piece of advice for current Comets:** Don't be in a rush to grow up and appreciate every moment you have with your friends and family now. Also take every opportunity to get involved and see what activities you're interested in, and dream big!
